SALEM WOMAN IS SENTENCED TO MARYSVILLE

22-Year-Old Divorcee To Serve One To 20 Years

COURT OVERRULES NEW TRIAL MOTION

Accused Of Killing Frank Murphy In Shooting Here

Mrs. Mary Timney, 22-year-old woman, was sentenced to serve from one to 20 years in the Ohio reformatory for women at Marysville by Judge W. Frank Lones in common pleas court, Lisbon, today.

Overrules Trial Motion

Judge Lones pronounced sentence in the young Salem divorcee's case shortly after noon today after overruling a motion for a new trial, filed by Mrs. Timney's attorneys. She was found guilty on a charge of manslaughter in common pleas court on December 12.

Mrs. Timney is charged with having fired the shot which resulted in the death of Frank Murphy, 32, of Salem, following a party here last July.

Asked by Judge Lones whether she had any statement to make before sentence was pronounced, Mrs. Timney said, "I am innocent."

Second Degree Murder Charge

She was represented by Attorneys George T. Farrell and Walter W. Beck of Lisbon. The first indictment in the case was returned against Mrs. Timney on September 12, a charge of second degree murder being filed against her.

A jury was empaneled to hear the case in Judge Lones' court on December 8 and four days later she was found guilty on the manslaughter charge.

Wins Promotion

J. F. Deasy, assistant vice president of operation of the Pennsylvania railroad, has been promoted to vice president of the railroad's central region, with headquarters at Pittsburgh.

DETROIT'S AUTO INDUSTRY GIVEN GO AHEAD SIGN

Railways Ready To Transport Workers To Their Jobs

(By Associated Press)

DETROIT, Jan. 12.—Detroit is re-awakening today.

The city of automobiles has been in a condition of industrial hibernation for more than a year. Factory wheels have turned only intermittently. There have been gaps in assembly lines at the numerous automobile factories.

But the go ahead signal has been given, and the ever hopeful population of this essentially youthful community believe that "things will be different now."

Trolley Lines Are Ready

The Detroit street railways made preparations to transport thousands of more workers to their jobs today than went to work last Monday. Announcement was made that 75,000 employees of the Ford River Rouge plant had been notified to begin work today. Another 22,000 Ford workers were to report at other plants in the Detroit area. Street cars were lined up to furnish transportation for 50,000 of the men recalled to the Rouge plant.

Other automobile factories have issued similar calls to their workers. Dodge, Hudson, Lincoln, Buick, Cadillac and Chrysler are going into production after the annual inventory.

Chevrolet has promised 30,000 workers steady jobs through the winter.

Optimistic reports have come out of the New York automobile show, and statements of industrial leaders

NEW EXECUTIVE IS HAILED BY BUCKEYE STATE

George White Inaugurated; Myers Y. Cooper Steps Aside

FAMILY PRESENT FOR CEREMONIES

Other Ohio Officials Are Sworn In During Day

(By Associated Press)

COLUMBUS, Jan. 12.—George White now is governor of Ohio.

The reins of the state government passed from the hands of Republicans to Democrats immediately after noon today when Myers Y. Cooper stepped aside and Mr. White assumed the duties of Ohio's chief executive.

Standing on the west facade of the state capitol and surrounded by relatives, neighbors and friends, Mr. White repeated the oath of office administered by Chief Justice Carrington T. Marshall, of the Ohio supreme court, to support the constitution of nation and state.

To Maintain Government

As a guarantee that his oath was not a mere formality, the new governor pledged to the assembled throng to maintain constitutional government and keep inviolate its guarantees to all citizens. In his inaugural address immediately following his taking of the oath.

This pledge resounded throughout the state as thousands at their homes heard his solemn promise over three radio stations that broadcast the inaugural ceremonies.

Mr. Cooper, the retiring executive, faded from the picture and became just an honored citizen of Ohio, as the new executive took up his administrative duties. Mr. Cooper's last official act was to hand the incoming governor his commission as he stood in place to receive the oath. Mr. Cooper withdrew immediately.

Assuming office today also were Lieutenant Governor William G. Pickrel, Dayton; Secretary of State Clarence J. Brown, Blanchester; and Attorney General Gilbert B. Sweeney, Cincinnati. They were sworn into office by members of the supreme court in their private offices in the presence of many friends. All of the lesser state officials are Republicans excepting Pickrel.

Streets Slushy With Snow

Contrasted with two years ago, when Mr. Cooper was inaugurated and sub-zero weather prevailed to keep people at home, rain threatened today and the streets were slushy with melting snow.

Notwithstanding the new executive's wish for a simple inaugural,

STORM COVERED ATLANTIC HIDES FATE OF FLIERS

Hope Dims For Safety Of Young Widow And Companion

TRADEWIND IS LOST ON 2,000-MILE HOP

Little White Ship Was Due At Horta Yesterday Morning

(By Associated Press)

HORTA, ISLAND OF FAYAL AZORES, Jan. 12.—The storm-swept Atlantic was believed to have claimed the lives of two more trans-oceanic fliers.

Hope for the safety of Mrs. Beryl Mart, 27-year-old widow, and Lieutenant William S. MacLaren, who left Hamilton, Bermuda, at 11:15 a. m. (EST) Saturday for Horta in their monoplane, Tradewind, dimmed fast with the passing hours.

"Worst Weather In Years"

Anxious watchers here were gloomy as the hours passed with no word from the little white ship. At 1 p. m., it seemed impossible that the two fliers could have weathered the storms which have been sweeping the islands.

Steamers passed and put in to Horta reporting no word of the flight. One ship came in with a disabled steamer in tow, reporting "the worst weather in years," along the Tradewind's route.

The aviators with a "pay load" which they hoped to take to Paris, expected to negotiate the 2,000 miles in about 21 hours. This would have put them here at 11:15 a. m. yesterday, (8:15 a. m. E. S. T.).

Carried No Radio

They have not been seen or heard of since the take-off. They carried no radio.

The three hundred gallons of gasoline which their plane carried was believed to have been sufficient to keep them until 6 p. m. yesterday. In this time they might have reached the western European or Moroccan coast, but in view of the northeast gale, poor visibility and other unfavorable weather conditions, this was considered improbable.

If forced down at sea the plane probably would not have floated for more than a few minutes. Although it was equipped for a sea-landing the giant waves seen hereabouts the past three days would have crushed an even more substantial ship.

Coast Lines On Lookout

Authorities here sent up rockets throughout the night as possible beacons for the aviators, and French, Portuguese and Spanish officials passed the word along the coast-lines to watch for the pair. If forced down on the Moroccan coast they might remain lost for weeks. There was a small chance of having landed near a small steamer, un-equipped with wireless. In such a case several days might elapse before there would be word of their safety.

Mrs. Mart and MacLaren left North Beach, N. Y., Jan. 3, on their proposed flight to Paris, intending to make Bermuda on their first lap. They broke a sextant, and after being missing for several hours, returned and landed on the Virginia coast near Norfolk.

Last Wednesday they flew from Norfolk to Hamilton. They remained in Bermuda until Saturday, awaiting favorable weather. From Horta they intended to fly to Paris.

New State Chief

George White, Marietta, Democrat, became Ohio's governor at inauguration ceremonies today at the capitol in Columbus. He succeeds Myers Y. Cooper, Republican.

MOVE PROMPTED BY ABANDONING OF SEWER RENT

Service Director, Council Water Committee To Confer

TAXATION TO RUN DISPOSAL PLANT

Annual Appropriation Of \$15,000 Is Now Proposed

Proposals for the establishment of lower water rates for Salem will be discussed Wednesday night at a special meeting of members of the water committee of city council with Service Director Clyde R. Reich. Plans whereby cuts may be effected in the present rates were announced by Reich today.

The new rates, Reich declared, will be proposed as a result of action by council members in the formulation of the city's 1931 budget which provided for the abandonment of the sewer rental plan in favor of a \$15,000 annual appropriation to provide funds for the maintenance of the city's sewage treatment plant. Under the sewer rental system all funds apportioned to the disposal plant were derived from money obtained in the waterworks department.

Funds From General Taxation

Funds which will be used for the maintenance and operation of the disposal plant will be taken from general taxation, Reich explained, giving the service department an opportunity to cut water rates. For the last year 25 per cent of money received in water collections in the waterworks department was used in the disposal plant fund.

This plan, the sewer rental system, provided \$17,000 for the disposal plant, but its use was sanctioned by the Ohio department of health for only one year. A new ordinance, discarding the sewer rental system, must be passed by council by April 1, Reich stated.

Collections in the waterworks department in 1930 totaled approximately \$68,000, Reich said. The amount of the cut which will be made in rates will be discussed with the water committee, assurance being given by the service director today that a decrease will be effected although he was not able as yet to announce the amount.

Will Discuss Hydrants

Reich will also confer with the water committee, composed of D. U. Smith, chairman; C. F. Zimmerman and Samuel Krauss, concerning the request of the Ohio inspection bureau that hydrants be installed in outlying districts of the city to provide fire protection and water for household use in areas newly annexed.

The service director will also submit to the councilmen a plan for the installation of a station at the waterworks pumping station, this project being proposed in order to create a savings of approximately \$500 in the plant's operation.

Reich explained that the amount of the decrease in water rates which will be made this year will prove of benefit to consumers. He also pointed out the fact that comparison of this city's water rates and those in other Ohio municipalities, favors Salem in that of improvements made in the waterworks here are made through use of funds originating in that department while other cities effect improvements with funds from general taxation.

Aided In Improvements

One of the most extensive improvement programs in the city's history was completed during 1930 by the service department through use of waterworks funds, Reich explained. Money used in the various projects which came out of the waterworks fund, the city's residents not being forced to bear any added financial burden as a result.

Akron Council's Investigation Into Underworld Brings "Sugar King" To Court

(By Associated Press)

AKRON, O., Jan. 12.—The city council's investigation into underworld conditions brought Leo Iasar, who formerly styled himself a "sugar king," into municipal court today for arraignment on a charge of attempted bribery.

Iasar was arrested on the testimony of Police Sergeant Steve Kovach, who told the council's investigating committee Iasar had left money at his home, Chief of Police Frank J. Bass also told the committee Iasar offered him "protection money" at a hotel meeting.

A week from tomorrow Iasar is to go on trial in federal court at Cleveland on a charge of violating the national prohibition laws.

Trust In Holy Man To Stay Lava Flow

(By Associated Press)

BATAVIA, JAVA, Jan. 12.—Trusting implicitly in the ability of a holy man to stay an onrushing stream of lava, residents of a small village at the foot of Merapi, Javan volcano, refused today to leave their homes.

Authorities, fearful lest the volcano, which began a serious new eruption, might overwhelm the town at any hour, were considering forced evacuation of the town.

The holy man refused to allow the people to leave. The rush of lava was the same direction as in the eruption of a few weeks ago. There was considerable anxiety in the neighborhood apart from the threatened village, where all was serene.

STATE GRANTS PAROLES TO 37

Two Revoked By Board, Including That Of William Daniels

(By United Press)

LONDON, O., Jan. 12.—Paroles were granted to 37 inmates of the London prison farm, it was announced today by the board of clemency. The applications of 37 others for parole were continued.

Names of those paroled and the dates of the paroles will become effective included the following:

Belmont county—Joe Ziad, third liquor law violation, Feb. 15.

Meigs—Henry Scott Cottrill, abandoning children, April 1.

Scioto—Louis Miller, manufacture of distilled liquor, April 1.

Stark—Ed Arnold, burglary and larceny, April 1, (out of Ohio).

Two paroles were revoked by the board. They were William Daniels, Columbiana county, parole revoked to July, 1931, and Allen Medley, Clinton county, parole revoked to September, 1931.

CASH IS TAKEN AT MEAT SHOP

Thieves Break Into Simon Brothers Store; Get \$50

Thieves Saturday night broke into the Simon Brothers meat market, 229 East State st. and escaped with between \$50 and \$60 in cash and a quantity of meat and produce, police reported today.

Entrance was made by breaking into the window of an adjoining store following which the thieves reached the basement of the Simon establishment, entering the main storeroom through the cellar door, police said.

Efforts were made to drill their way through a door of the Simon store but failing, the thieves "jimmied" the lock, police said.

A ten-pound cake of cheese, some hams and other meat were taken, police reported.

Chief T. W. Thompson and patrolman Ralph Steffer are investigating the case.

Leetonia Priest Is Transferred

LEETONIA, Jan. 12.—Rev. Fr. J. F. Ruffing of Leetonia has been appointed to a pastorate in Louisville, to succeed the late Rev. Nicholas Weckel, it was announced today.

The appointment was made by Msgr. James A. McFadden, chancellor of the Cleveland diocese and will become effective January 22.

Rev. Ruffing was pastor at Wells-ville prior to coming to Leetonia. His successor at the local parish has not been appointed.

Saskatchewan Resident Topples Over In Restaurant; Doctor Advises Lighter Clothing

(By Associated Press)

HAMMOND, IND., Jan. 12.—The time was January 11. The place was a Hammond restaurant. The person most involved was Charles McBrat. McBrat walked into the restaurant yesterday and asked for a glass of water. He drank the liquid and collapsed. Police summoned Alva A. Young, city physician, to whom McBrat, when he revived, explained just how he felt.

"Heat prostration, No. 1, of the series of 1931," said the doctor. "And that's funny, this being January. Where are you from?"

"Saskatchewan," was the reply, and the doctor advised lighter clothing if McBrat planned to stay in Hammond any great length of time.

Special Service In Friends' Church

A large crowd attended the Sunday evening service at the First Friends church, where special meetings are in progress.

Rev. Charles Stalker of Columbus, evangelist in charge, used for his sermon theme, "Be Not Deceived."

The evangelist stated that some people would say that it didn't make any difference what a person believed, but he declared "that what you believe makes you what you are."

Rev. Stalker is of the opinion that the devil is deceiving some people through church membership. He pointed out that the new birth is essential in becoming a Christian and "that without holiness no one would get to Heaven."

Services will be held each evening at 7:30 and on Tuesday, Wednesday, Thursday and Friday afternoons at 2.

Bills Ask Repeal Of Ohio Statutes

COLUMBUS, Jan. 12.—Five bills proposing repeal of statutory prohibition in Ohio were introduced in the state senate today.

Resolutions proposing repeal of constitutional prohibition were introduced last week in both branches.

The repeal bills were introduced by Senators Joseph N. Ackerman, of Cleveland, and William H. Herner, of Huron county. Last week Ackerman introduced a constitutional amendment providing for repeal.

Child Is Killed By Auto Driver

STUEBENVILLE, O., Jan. 12.—No trace has been found of the automobile driver who Sunday night backed his automobile into a group of children in the Polish section of the city, killed one and injured three, and then fled the wrath of an angry mob.

The dead child is Stanley Powick, aged 9. His three year old sister and two younger brothers were struck by the car and knocked down. The boy was caught on the bumper of the auto and crushed against a fence.

The screams of the children brought people rushing from their homes and as their attitude quickly became menacing, the driver sped away. His auto was found later in another section of the city but no trace of him has been found.

\$1,000 Is Pledged In Chest Campaign

COLUMBIANA, Jan. 12.—Approximately \$1,000 was pledged by Columbiana residents in the village's annual community chest fund campaign, held here recently. Olaf Todd, treasurer, announced today.

Cash receipts to date total \$618, the fund being turned over to a committee of business men who will appoint a group to take charge of disbursements of the charity money this year.

Atty. Homer W. Hammond was chairman of the drive.

Elkton-Signal Road Gets Slag Coating

LISBON, Jan. 12.—More than 3,500 tons of coarse slag have been spread by the state highway department on the Elkton-Signal road, and other tonnage is to be distributed along this four-mile road during the coming spring.

The highway department had planned to award this work by contract, but determined later to do the work itself, thereby saving \$3,000 on the project. This road is now open to traffic between Elkton and Signal.

Nathan Straus Dies In New York City

NEW YORK, Jan. 12.—Nathan Straus, patriarch of American Jewry and the benefactor of little children the world over, died in his sleep yesterday in his 83rd year.

After the death of his wife, Mrs. Lina Guthrie Straus, ten months ago, his health sank rapidly and he had been restricted to a wheel chair since his return from Europe last year.

For his philanthropies in the conservation of infant life, the establishment of a Jewish homeland and the relief work of the World War, the name of Nathan Straus was revered wherever mankind suffered.

THE MIDDLE COURSE

"The way to avoid depression or lessen its severity and duration is to 'sit on the bulge' during an excessive upward swing."

"Sitting on the bulge" is a pithy phrase describing the action necessary to flatten out the upward swing of business activity curves in periods of marked prosperity. It was used last week by Paul M. Warburg, international banker, in a speech which will be accepted by hundreds of prominent bankers and businessmen as the opinions of one of the world's shrewdest observers of financial conditions.

Mr. Warburg believes the business cycle is largely a matter for psychological study; that it is caused by human greed and conceit always gaining control as soon as the memory of painful experiences grows dim. Bad times follow, the business curve shoots up until it can go no further and then falls back. That is depression. "It is a strange spectacle," he observes, "to see the people who two years ago preached the gospel of the endless spiral of mounting wages and prices, the advocates of the new era of endless prosperity, now wedded to visions of an endless era of adversity and decline."

The safest course for business, obviously, is a middle one but even so eminent a banker as Mr. Warburg, one of the few men to utter a warning against the headlong pace of stock speculation, does not see how it can be steered. From his own experience he knows that anyone who warns "slow!" when the country wants to go fast is placed outside the pale. From his knowledge of government he knows that it would be impossible for it to "sit on the bulge." If people could be made to pay attention to elementary rules and truths before they become too confident, their common sense might be depended upon to warn them against going too far or, in Mr. Warburg's words, letting the "bulge" get out of their control. That, too, seems an impossibility.

Mr. Warburg's opinion on the ability of extra work and easy money to flatten the cycle of price fluctuations is of interest, also. Nothing, in his opinion, can arrest the course of a determined downward movement if it follows an extreme upward swing. Acute over contraction follows acute over expansion with inexorable certainty. There will always be one as long as there is the other.

Mr. Warburg prompts the same question that has been asked almost innumerable times in the last few months. Will the memory of recent experiences fade, as memories of other experiences have faded, or shall we do everything in our power, through cooperation at home and abroad, to develop an effective control over those forces which from time to time threaten the economic stability of the world?

BALLYHOO ON THE AIR

There is solace for radio listeners and advice for broadcasting officials in Dr. Lee DeForest's farewell message to the institute of radio engineers. Dr. DeForest, retiring president of the organization, is a qualified expert on the various aspects of broadcasting. He is leaving broadcasting work to experiment with talking motion pictures and television.

His messages dealt mainly with what he describes as an "overdose" of advertising on the air, which he believes is largely responsible for the general falling off in radio sales during the last year. He does not quibble over the strength of the words he uses to describe it, calling it a "real and genuine evil," a cancerous growth which is relentlessly eating at the vitals of radio's

usefulness and prosperity.

He believes that the listening public is becoming more critical of program quality and more lukewarm to what is being offered them, and that their impatience has begun to manifest itself in ways that will bring the industry to a stage of dissolution unless it is topped.

Dr. DeForest attacks particularly radio advertising from local stations, as apart from chain networks. The ultimate result, he predicts, will be to disgust the listening public so thoroughly that the advertising no longer will mean anything.

The objective held by Dr. DeForest to be most desirable would be four or five hours of first class entertainment every day entirely free from sales talk. This will be necessary, in his opinion, to restore the confidence attacked so ruthlessly, and no doubt unwittingly, by broadcast managers. "I cannot see any way of restoring its former prosperity to the radio industry," he concludes.

The public is patient and long suffering but even those elastic qualities have their limits—and if those limits are reached a great industry will find itself in trouble. Listeners and key men in the broadcasting industry can properly be appreciative of Dr. De Forest's warning.

What Others Say

A KILKENNY CAT SESSION

The old jingle informs us that "Christmas comes but once a year, when it comes it brings good cheer." In a general way this is quite true. But not always. It sometimes works out reverse. Congress, for example, when adjournment was taken for the holidays harmony prevailed. Cooperation had accomplished important results, quite unusual in so brief a period. The administration's unemployment measures had been passed. Appropriation bills had been given a good start. The outlook for a short session, at the close of which adjournment could be taken until December, was bright. Peace and good will, speaking relatively, of course, filled the air.

And then Christmas came, and went. And it seems to have brought anything but good cheer. Congress reassembles in the midst of a conflict, or rather in the midst of conflicts, that promise to make the session one of continuous riot, with an increasing probability that essential appropriation bills will not be passed by the 4th of March, making necessary an extra session of congress. There is a strong desire on the part of the administration and the great majority in congress to avoid an extra session, and unquestionably this is the desire of the country. But while administration leaders are still saying it can be done, the difficulties in the way of it have been greatly increased during the Christmas holidays.

There is, for one thing, the row between Norris and Lucas which has brought to the fore the very large and important question of the relation of Norris and other insurgents to the Republican party. It has aroused a great deal of feeling on both sides, and there can be no doubt that discussion of it will consume many hours in the senate, without contributing a mite to legislation. Another thing is another row, raised by the dismissal of some of the employees of the power board by the new members of that board. This will supply abundant excuse for prolonged ranting and raving over the "power trust." A third thing is the action of President Hoover in promoting the eastern railroad consolidation, condemned by Senator Couzens and denounced by Senator Brookhart. The latter says that unless congress passes the Couzens bill to suspend railroad consolidation he will do all he can to force an extra session to obtain an investigation. To these will soon be added the taking material to be supplied by a report of the Wickersham committee, not to mention the sentiment being developed for cash payment of World War soldier certificates. There are also the measures in which the insurgents are particularly interested, including the Norris plan for Muscle Shoals.

It is to be seen from all this that the source of trouble is the insurgent group. It has been the source of most of the trouble in congress for the past eight or ten years. It keeps the senate continuously in hot water, and makes intelligent legislation exceedingly difficult. If an extra session is made necessary, it will be the work of this little group of less than a dozen men.—St. Louis Globe-Democrat.

The Stars Say

For Tuesday, Jan. 13
According to the very propitious influence of Jupiter, the major benefic among the planets, this should be a day of great gain and advancement, despite some omens of a sudden and disruptive change, and some trivial annoyance through letters. Employment shows signs of preferment or honors, a position fortified by Jupiter's strong promise of financial benefit and fulfilled ambitions. Real estate and other deals should bring benefits as should business deals with women.

Those whose birthday it is may look for a year of progress and prosperity, despite an unforeseen and unwelcome change or journey. Promotion favors, honors and substantial increase of finances are promised, also for elderly persons and institutions. A child born on this day should be specially equipped for success and advancement in life through its own ambitions and hard works as well as through benefits from others.

HEALTH

By Dr. Royal S. Copeland

Foot Ailments

Primitive people who go about barefooted or wear sandals never complain of weak feet. On the other hand, the most common complaint of civilized life is weak feet, or as the trouble is commonly called, "flat feet."

DOCTOR ROYAL S. COPELAND

Flat feet are the result of poor development of the muscles of the feet and legs. Some persons are born with weak feet, but poor posture in walking and the wearing of improper shoes are the most important causative factors. Work that necessitates standing continuously on hard floors and pavements are other causes.

Stout people are more likely to have weak and painful feet than thin people. They carry more weight and this places a greater burden on the arches.

The treatment of weak feet consists essentially in the proper development of the muscles of the feet and legs. To this end proper posture in walking and the use of sensible footwear are of great importance.

A flat foot is a weak foot, one in which the muscles have thoroughly relaxed. As a result of this relaxation the normal arch of the foot is no longer maintained. This change from the normal brings on pain in the feet, and frequently this is very severe. The pain may not be confined to the foot, it may be felt up the back of the leg.

People with flat feet cannot stand for any length of time. Walking is an effort, and they are only happy when they can be off their feet.

Hereditarily seems to play a role in this condition. Certainly it is not uncommon for flat feet to involve several members of the same family.

Have you ever examined your children's feet to see whether they have good arches and are not flat-footed? If the feet are not as they should be and show signs of strain, now is the time for correction. Special care as to exercise of the feet and the proper selection of shoes will do much to prevent future trouble.

In children, as well as in adults, exercise for the feet is simple and beneficial. While sitting on the edge of the bed try to grasp or hold a lead pencil with the toes. Then turn the toes so as to be able to see the sole of the foot. Bend the toes downward toward the floor and back again. Now be on your back, and with your feet in the air, turn the ankle upward, and bend the toes toward the knee and back again.

These exercises are to be done for ten minutes twice a day. The best times are preferably upon arising in the morning and in the evening when retiring.

Tight shoes cause the muscles of the foot to become weak. It cannot be made too clear that proper shoes are essential for everybody. The shoe should be of simple design, broad in the toes and straight on the inner side. The shoe should fit snugly in the arch and loosely at the toes.

Posture is important in the correction and prevention of flat feet. Slouching leads to turning out of the feet, and this causes strain and friction of the joints. The muscles supporting the movements of the joints are called upon to do more work than they should.

Walk with the head erect, chin and abdomen in and back straight. In walking always carry the weight of the body on the balls of the feet.

Answers to Health Queries
E. F. B. Q.—What causes white spots on the hands?
A.—This is due to loss of pigment or coloring matter.

B. V. Q.—Does yellow oxide ointment harm the eyes?
A.—No.

J. L. Q.—How much should a girl of 14 1/2 ins. tall weigh?
A.—Will carbolic varnish used on the eyelashes prove harmful?
A.—Should weigh about 114 pounds. When I give you these figures you will understand I am speaking about the average person. If these show you are a few pounds

under or a few pounds above this weight you must not feel that fact has any particular significance. The figures, as I have said, indicate merely the average weight as discovered by the examination of a large number of persons.

2.—Plain vasoline is better

MISS S. O. Q.—What causes hives? Can you suggest a remedy?

2.—What is the cause of enlarged veins in the hands and wrists?

A.—Hives are usually due to some food which causes irritation. Yes.

2.—Poor circulation is usually responsible. Build up your general health and increase your circulation.

"Eager to Know" Q.—What treatment do you advise for enlarged pores?

A.—Try using hot and cold compresses alternately for fifteen minutes night and morning.

A. B. Q.—What do you advise me to do for falling hair?

A.—Frequent shampooing and the use of a good stimulating ointment should help the condition.

Physical culturists say the most graceful man in the world is Alfredo Codomo, a circus acrobat. A Mexican, slight of figure, he is the only man to swing into a triple somersault from a trapeze and catch his partner in a handclasp. He is the husband of another famed acrobat, Lillian Leitzel.

The captivating Miss Leitzel twirls a hundred or more revolutions, holding by her right hand to a ring at the top of the circus tent and without a net. She has been repeatedly warned she will eventually lose use of her arm, but she dismisses such fears with a laugh, and carries on.

It is used to be said on Broadway the chorus girl's breakfast was "a Morning Telegraph and a cigarette." Today the popular breakfast along the stem is served at 4 in the afternoon and consists of two raw eggs, well drenched with Worcestershire sauce—taken at a gulp.

John Mason, late actor, is reputed to have introduced the egg breakfast to the Rialto. He picked it up at the Savage Club in London where it was known as a splendid restorative after a loose night. Beerbohm Tree invented it.

The old Knickerbocker used to serve what they called a "night-out breakfast" to the bloods. It consisted of a cup of steaming black coffee to be drunk straight, and followed

by a small cup of chilled tomato juice and a poached egg.

So across town learning a former chauffeur who objected to night work is in the employ of George Jessel, Broadway's most persistent stay-out. A hula-balo in front of a skyscraper, a young lady having flung herself out a high window which made me giddy.

Dinner with the Lee Olivells and to a variety show, offering the poorest clap-trap any of us ever saw. Home by midnight and a cable there which I hoped might set me off on a long sea voyage in a fortnight but disappointed. To bed reading "Allay-Op," a book entirely of pictures.

A guest at luncheon today was garrulous about his travels, mentioning among other things he had crossed the Pacific 13 times. The remark evidently worried a colored servant who came in several hours later with a quizzical expression. "That gemmen say he crossed the Pacific 13 times," he observed. "That would leave him on the other side, wouldn't it?"

Smug critics indulge knowing smiles over what they call "bromides" of Mr. Coolidge's syndicated stuff. Yet I have seen nothing better than his bromide panacea for the business revival uttered six months ago. Thus: "Time and natural adjustment are the only complete cure remedies for business recovery."

And there was a corking capsule temperance sermon by a man who stepped out of the Salvation Army ranks at Columbus Circle with: "I was drunk for ten years and the fun was never worth the headaches." He said no more.

PROBATE JUDGE RAPS PROPOSED WELFARE BILL

Riddle Opposed To Centralization Of Activities

LISBON, Jan. 12.—In keeping with the sentiment of a majority of probate judges throughout the state, Judge Riddle today expressed himself as strongly opposed to the proposed county welfare department bill which, he declared, "should never get as far as to make it necessary to vote on it."

"I have had before me for some time, a draft of the county welfare department bill, as prepared by 'The committee on county welfare organization,' said to be located at 277 East Long street, Columbus," Judge Riddle said.

"The bill is so vicious that I believe it should never get as far as to make it necessary to vote on it. It is an effort to build up a political organization of the state. It violates the first principal of government by the people for the people, and attempts to place in the hands of an organization situated in Columbus, practically the control of the finances raised in the several counties for the relief of the poor."

"It would require an additional army of 'so called uplifters' to go around the state, investigating the work of men and women who know the practical side of life. Instead of the money raised for charitable purposes being practically all used for the purpose for which it was raised, too large a part of it will be diverted to the salary and traveling expenses of supervising bureaus and officers. It would be organized plunder, in the name of charity, and is an effort to create additional positions for so-called trained social workers. It has been very aptly described as sanctified squandering."

Prefers Self Government
"This nation is founded on the principle of self government and home rule. Self governing people and localities may sometimes make mistakes, but it is better to have local self government, with its mistakes, than to have an arrogant and autocratic government at Columbus a hundred or more miles away with its mistakes. And the fact should not be lost sight of that these people do make mistakes."

"I believe in having people on the job who know their business, that is, I believe in trained workers, and although there are several ways of training workers, actual experience is the best training."

I am in favor of local self government, and opposed to centralization such as is contemplated in this bill. Under its provision, the proposed director of welfare would have entire charge of all county institutions, such as the county jails, the county homes, the children's homes, and probation officers of the juvenile courts of the state. Further, the bill provides that those who are administrators of relief would be appointed by the state.

Would Name Own Officers

"While I am acting as juvenile judge, I want the privilege of appointing probation officers in whom I can have the utmost confidence, and who can do the work properly, and with whom I can work pleasantly. It is these officers who have their first allegiance to their home county."

New Hoover-Senate Battle Looms; Tariff Group Is Hit

At Least Two Of President's Commissioners Face Contests; Third To Feel Sting Of Cross-Fire Debate

(By Associated Press)
WASHINGTON, Jan. 12.—The outline of another Hoover-senate skirmish over executive appointments was drawn today on the war map of the senate Democrats and Republican Independents, with the President's six tariff commissioners as the object of assault.

The six men, three of them holdovers from the Coolidge commission, were given recess appointments by Mr. Hoover last summer in a general reorganization of the commission directed by the 1930 tariff act.

Confirmation Contest Looms
At least two of the commissioners—Edward B. Brossard, of Utah, a Republican member, and Alfred P. Dennis, Maryland, Democrat—faced a confirmation contest. It was likely also that a third—Chairman Henry P. Fletcher, of Pennsylvania—might feel the sting of cross-fire of debate. Senator Borah, Republican, Idaho, had indicated he would oppose him.

John Lee Coulter, Republican, North Dakota; Thomas W. Page, Democrat, Virginia, and Lincoln Dixon, Democrat, Indiana, were the other nominees. No opposition to them had been expressed.

Sugar Fight Renewed
The old controversy over the sugar tariff underlies the fight on Brossard, a former economist on the commission. Harrison will endeavor to show that Brossard leaned too far toward the western beet sugar interests in 1923.

The debate on Dennis is expected to revolve around a statement issued by the commission before the last tariff act was passed saying the then pending bill would be a big benefit to agriculture. Dennis signed the statement, but later repudiated it.

Meanwhile the senate campaign against three members of the power commission was functioning.

Flashes of Life

(By Associated Press)
GREENUP, KY.—In L. G. Stapf's undertaking parlor, 448 L. G. Stapf's license have been issued in recent years. Stapf is a deputy license clerk and is quite handy for elders in the wee small hours. Sometimes the marriages are in the parlor too. The 44th license was issued to John V. McEntee, of New York, and Lucy G. Caldwell, Ohio State students, and they were married on the spot by the Rev. Edgar Sidle, Methodist.

OKLAHOMA CITY—Aaron Fretz, 94, is going to seek the blessings of "the old folks" on his latest marriage. His bride, the former Bertha Eckert, 19, has three stepchildren over 50 years old.

SAN ANTONIO, ATLAHUA, CA, MEXICO—"With" has promised the police to leave town. They rescued her from the irate Indian husbands who objected to their wives paying the old woman money for love charms which failed to work.

ST. PETERSBURG, FLA.—It probably will be a long time before Frank Hynes makes another birdie. But, by jinks, he got one on the first hole he ever played. Yes, sir! took a lesson from a pro, then joined a foursome. Into the cup he went in three shots at a 388-yard hole. The third shot covered about as much distance as the others. Frank holed out from afar, from a trap.

ROCKLAND, ME.—Almon Spear, six feet and 260 pounds, as one might expect, is a strong fellow. He cranked up an auto. It backfired. Something broke. An arm! No. The crank; into three pieces.

NEW YORK—Mrs. Norman O. Whitehouse, who always rides sidesaddle, has left with Mr. Whitehouse for the hunting at Melton Mowbray, where the Prince of Wales follows the hounds.

BUFFALO, N. Y.—Thanks to the ingenuity of Rev. Emil Beck, thefts from the poor box at St. Francis Xavier's church probably have ended. He fixed things so that tampering sent the money jumping into a metal receptacle and set off an alarm in the rectory. A thief was caught at the first alarm.

MOTHER KNEW S. B. RUTH'S COUGH GETS QUICK RELIEF

"When my little girl caught a cough I knew just what to do. Many a time when I was little—my mother gave me S. B. Drops. That's why I sent for your cough syrup. I wasn't disappointed. Ruth's cough stopped quickly. She was spry again in a few hours." Mrs. L. Medick, 1604 Baltimore Ave., Cincinnati, O.

Grange Officers Confer

The officers of the eight subordinate granges of Mahoning county held their annual conference at Ellsworth and Berlin Center, on Saturday, January 3. The program of the conference had been planned by Wilford Sheeley, county Pomona master, and V. E. Crouse, county deputy.

Plans for the activities of the granges were discussed and outlined by the officers. A short discussion on news service was made.

If Your Ears Ring With Head Noises

If you have catarrhal deafness or head noises go to Lease Drug Co. or Broadway Lease Drug Store or your druggist and get 1 oz. of Parment (double strength) and add to it 1/4 pint of hot water and a little sugar. Take a tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged eustachian should open. Breathing becomes easy and the mucous stop dripping into the throat. It is easy to prepare, costs little, and is pleasant to take. Anyone who has catarrhal deafness or head noises should give this prescription a trial. Adv

by H. L. Fox of Salem, publisher of Farm and Dairy. It was decided to have a traveling savel as one of the projects for this year's activities. This will be started at the Pomona grange meeting at Smith Grange hall, on Saturday, February 28.

Account Books
J. C. Hedge, county agent, has secured a supply of farm account record books from the rural economics department of the Ohio State university. Anyone who wishes to keep a farm account this year can secure one of these books at the county extension office. Those who have been keeping farm accounts during the last year, will be assisted in summarizing by Guy W. Miller and the county agent, on Wednesday, January 23. New account keepers will be assisted in setting up their accounts.

Institutes Planned
The annual Farmers' Institutes at Ellsworth and Berlin Center will be held during the week of January 19 to 24. The Ellsworth Institute will be on Monday and Tuesday and that at Berlin, Friday and Saturday.

Henry Leimbach, of Lorain county, an outstanding potato grower, and Mrs. Lottie Randolph of New Lexington will be state speakers.

Now for Something Good to Eat

YOU soon tire of a restaurant that has only seven bills of fare—one for each day of the week, and then back to the beginning again.

The two things that make a restaurant good are good food and lots of variety. Good food includes good cooking, and variety includes exploring the provision markets for the countless things that can be served, in season or out.

The pleasure of eating at any of the restaurants at Hotel Winton is increased by the wide variety of choice—a menu that is easy to read—a list of fixed price breakfasts, luncheons and dinners—a number of specials for which the house is famous, and—always—good foods properly prepared.

Many of the best things are not on Main Street. Quiet, for example.

First choice among regular travelers for dozens of real reasons.

Today's Pattern

2085

New fashion trends find their way to that most useful of all garments—the smock. No longer does it hang in clumsy, unbecoming manner, yet its comfort and ease are still maintained. Slightly shaped and belted, with flattering pockets, the model sketched is the last word in the world of smocks. Isn't it attractive?

Pattern 2085 may be made of linen, cotton broadcloth, rep, satin, cretonne, rayon, etc. A colorful print is always charming, yet solid colors are quite popular, too. Of course, the smock may be worn without a belt, if desired.

May be obtained only in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44 and 46. Size 34 requires 3½ yards of 36-inch material.

No dress-making experience is necessary to make this model with our pattern. Yardage for every size and simple, exact instructions are given.

HOME-MAKING HELPS

By Wanda Barton

Jackie has risen from pencil to pen-and-ink, and the house bears considerable evidence of his promotion. In some mysterious way, samples of his skill seem to touch every object, and ink blots appear in surprising places, to the intense annoyance of Jackie's patient mother. Not only are his own small articles of clothing ink-dotted, but invariably the weekly laundry discloses black discs of varying sizes on table linen, bed linen, and yet Jackie insists he didn't write in bed or at the table.

With an eagle eye his mother now pounces on ink stains while they are relatively fresh. Wash goods are easy. A quick rub with a little kerosene placed on the spot helps, and the fabric can be washed afterward. Or the milk-and-starch treatment can be applied. Milk, by the way, is the standard reliable agent for removing ink spots. But it must also be remembered that ink spots must be treated quickly. If they are discovered only after a long time there is difficulty in removing the ink mark without substituting with another kind of discoloration. Oxalic acid, or the ink eradicator which can be purchased in stationery stores, will do the trick. But they may leave yellow marks unless carefully managed.

The paste treatment for removing ink spots is as follows: Mix cold milk and ordinary starch so that it forms a very thick paste. Spread generously over the ink spots, and leave it that way for at least 24 hours, and two days is even better. By that time the paste will have dried and it can be brushed off.

This method can be used for any fabric, including rugs, but it will be effective only on fresh stains. For old, dried ink stains more drastic treatment is required. And if the fabric is delicate, or there is some doubt of the colors, it had better be turned over for the expert ministrations of professional cleaners.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified croscote that is pleasant to take. Creomulsion is a medical discovery with two-fold action: it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs croscote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to croscote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the croscote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

NEW EXECUTIVE HAILED BY OHIO

George White Inaugurated; Myers Y. Cooper Steps Aside

(Continued From Page 1.)

there was much of the pompous display that has prevailed at induction of former governors into office, arranged by the Columbus Chamber of Commerce under whose auspices it was carried through.

Surrounding Governor White as he took the oath were his five children, Mary and Charlotte, and sons David, George Jr., and Robert. His left hand rested on the family Bible, presented to him by his father and mother when he was 18-years old and a high school student at Titusville, Pa. Miss Mary, the oldest daughter, will be mistress of the executive mansion.

Former Governor Cox Attends

The ceremonies incident to the inauguration started for Mr. White with a reception to distinguished guests at the Dinsler-Wallick hotel at 10 o'clock. Among the guests of honor was former Governor Cox, of Dayton, presidential candidate in 1920.

The executive was escorted to the hotel by a committee representing the general assembly and a small group of officials and citizens. En route it was joined by a detachment of cavalry.

Shortly before the inaugural ceremonies started, Mr. White and the official delegation was escorted to the capitol, where former Common Pleas Judge Charles T. Warner, of Columbus, as honorary chairman of the inaugural committee, made a short introductory address.

Delivers Short Address

Invocation was offered by Rev. E. B. Townsend of the First Presbyterian church, Marietta, and the Democratic Glee club of Columbus, sang. Following administration of the oath, Mr. White delivered his short inaugural address which took about 15 minutes. Benediction was said by Rev. A. W. Schilling of St. Charles Borromeo college, Columbus. The ceremonies were ended by the playing of "Hail to the Chief," by the 112th regiment band.

Returning from the ceremonial stand, Governor White was escorted to the executive office which was banked high with floral tributes from friends and civic organizations. From the executive office, the new governor then was escorted to the head of the military and civic parade which followed. He left the parade at the Broad street entrance to the capitol, and taking a position in stands that had been erected there watched the various military and civic units pass in review.

Salem Wins 31-24 Decision Over Strong Lisbon Hi Combine

Reserves Register Win With Ease But Varsity Finds Hard Opponents

Salem High's varsity cage quintet struck stiff opposition in its traditional Columbian county rival from Lisbon High winning a 31-24 decision only after the toughest of a battle on the county seat representatives' home hardwoods Saturday night.

Figured to win by an easy margin, the Red and Black held only a slight edge over its opponents and although Coach Floyd Stone's tossers were in the lead throughout the entire game, victory was never assured until late in the fourth period.

In a preliminary contest the Salem reserves ran wild against the Lisbon second-stringers, rolling up a 59-9 victory.

Salem Over-Confident
Perhaps the ease in which the junior varsity romped over the Lisbon tossers had a harmful effect on the Quaker varsity, the team taking the floor vastly over-confident and never during the contest did it put up an exhibition of basketball comparable to that seen in previous games. Be that as it may, however, Lisbon had a mighty strong little team, probably its strongest in years, and fans witnessed an exciting, though rough fracas.

The varsity took a 12-6 lead in the first period then played its poorest basketball in the second session, scoring only four points, two of them coming via the foul stripe and the others from a lone basket from action. Lisbon registered seven points this period, the half ending Salem holding a 16-13 lead.

Lisbon Rallies
Lisbon again rallied at the start of the third quarter but the Quakers started an offensive rally that netted them 11 points and a 27-20 edge at the close of the period. Salem's strong defensive formation

Lisbon High, with what appeared to be one of the strongest girls' basketball teams in the district, easily defeated Salem High's sextet of feminine tossers, 28-12, at Lisbon Saturday night.

Led by Klein who scored 16 points, and Albrecht, runnerup for high-point honors with 10 points, the county seat maidens held the edge throughout the entire contest, Salem never seriously threatening.

Penn-Ohio Champions Get 38-25 Verdict Here; Cadet Team Loses

Salem Saxons, Penn-Ohio German league champions, started their campaign for a third circuit title with a 35-28 victory over the Alliance Saxons at the Memorial building gymnasium Saturday night.

The Salem team outplayed the visitors from the start, holding an 18-13 lead at the end of the first half. Scoring honors were well divided among the winners, Older and Schwartzhoff each scoring eight points, Hill getting seven.

The Alliance Bostonians registered a 33-16 decision over the Salem Cadets in the preliminary. Summaries—

Why Doctors recommend Milk of Magnesia for invalids

Confined to the house for long periods, deprived of the necessary exercise, invalids are very likely to become constipated unless extra precautions are taken. Realizing this, doctors stress the importance of a mild, effective laxative that will keep the bowels functioning normally without weakening the system of the patient. Ask your doctor about Rexall Milk of Magnesia. He knows that this pleasant antacid and laxative meets the highest standards of purity and strength. Sold only at Rexall Drug Stores.

New—Cold Relief In Tasteless Capsules
Formerly, when you treated a cold, you took one preparation for relieving headache, another for reducing feverishness, and another for regulating the bowels. But now, you have them all in Aspiroids, the tasteless capsules that contain the complete cold treatment. Relieve your next cold with Aspiroids.

HAMILTON COUNTY HEALTH DEPARTMENT
CO-OPERATING WITH
THE STATE DEPARTMENT OF PUBLIC HEALTH
CHATTANOOGA, TENNESSEE

July 19, 1930

American Cigar Company,
111 Fifth Avenue,
New York, N. Y.

Gentlemen:
"Spit" is a filthy word. So is the practice of spitting. More serious than any consideration of nicety, however, is the very grave danger of contamination carried in the mouth secretions.

Your attack on this evil in connection with your recent cigar advertising is an effective stroke which should do much to awaken the public to this peril.

I hope you do not abandon the attack. If my endorsement is of any value, please feel free to publish it in your campaign.

Sincerely yours,
J. C. Eldridge
HAMILTON COUNTY HEALTH DIRECTOR.

In this period of cold weather and cracked lips, above all insist on a cigar—free of the spit germ.

EAST LIVERPOOL CAGERS LOSE TO WELLSVILLE "3"

Southern County Rivals Battle To Over-Time, 17-15 Decision

WELLSVILLE, Jan. 12.—East Liverpool's potters and the Wellsville Tiger staged one of their annual basketball classics here Saturday night with the home five winning, 17 to 15, in two overtime periods.

Checker, Wellsville guard, was the whole show with five field goals and four fouls for a total of 14 points. Snape, Liverpool co-captain, was the loser's star with nine counters.

Stribling Rated As Leading Heavyweight By Ex-Champ

(By Associated Press)
NEW YORK, Jan. 12.—W. L. (Young) Stribling, of Macon, Ga., is the best of the current crop of heavyweights in the opinion of Jack Dempsey.

Making his annual selections of world title stars for The Ring boxing magazine, Dempsey places Stribling at the top of the heap with Max Schmeling second and Jack Sharkey third.

"To Stribling, I think, we must look to regain American supremacy in the heavyweight ranks," said Dempsey. "For it is my opinion that if Sharkey has 10 more opportunities to win the crown, he still will fall short of the mark. Were I to attempt a comeback, which I am certain I will not, poor as I might be, there is one heavyweight I am sure I can knock out—none other than Jack Sharkey."

Here's the way Dempsey ranked the leaders in the various title divisions:

HEAVYWEIGHTS—Young Stribling, Max Schmeling, Jack Sharkey, Primo Carnera, Tuffy Griffiths, George Godfrey.
LIGHT HEAVYWEIGHTS—Maxie Rosenbloom, Jimmy Slattery, Larry Johnson, Lew Scozza, Tait Littman, Pete Latze, George Courtney.

MIDDLEWEIGHTS—Micky Walker, Len Harvey, Dave Shade, Harry Smith, Angel Chivile, Vince Dundee, Jack Hood.

"I Hope You Do Not Abandon the Attack"

Says
DR. J. C. ELDRIDGE
Health Director, Hamilton County, Tennessee

...one of 56 health officials from 56 different points approving Cremo's crusade against spit or spit-tipping.

Every smoker, every wife whose husband smokes cigars, should read Dr. Eldridge's letter.

"Who are the friends of 'Spit'?"

YOU MAY WELL ASK THIS QUESTION WHEN 56 IMPORTANT HEALTH OFFICIALS HAVE WRITTEN SO STRONGLY AGAINST THE EVILS OF SPIT OR SPIT-TIPPING.

Dr. Eldridge writes: "Your attack on this evil in connection with your recent cigar advertising is an effective stroke."

The war against spit is a crusade of decency. Join it...Smoke Certified Cremo—a really wonderful smoke—mild—mellow—nut-sweet! Every leaf entering the clean, sunny Cremo factories is scientifically treated by methods recommended by the United States Department of Agriculture.

BUCKEYES RATE
HIGH PLACE IN
COURT CIRCUIT

(By Associated Press)

CHICAGO, Jan. 12.—Ohio State and Chicago, a pair of upstarts in the Big Ten basketball race, will get this week to prove their right as contenders while Illinois will battle against virtual elimination from the title battle.

Illinois' situation is desperate, with two straight defeats, and tonight the Illini may find themselves out of the running altogether. Their task is a contest with Northwestern's powerful five, and the dope favors the Wildcats, in view of their victory over Michigan Saturday night.

Ohio State, regarded as just one of the other teams in the league until it wallowed Dr. Walter Meanwell's Wisconsin outfit, 29 to 19, will meet Indiana at Bloomington tonight. Purdue will invade Iowa and Wisconsin will tackle Michigan at Ann Arbor.

Chicago's second test will not occur until Saturday night when Minnesota comes to Bartlett gymnasium. The maroons, pushed around by the conference during the past few seasons, committed the

biggest upset of Saturday's schedule by trimming Indiana, 28 to 27, in an overtime affair at Bloomington.

"FOR THE LOVE O' LIL"

At The State
master achievement in the field of comedy drama is visible on the screen of the State theater where "For The Love O' Lil" is playing. It is a screen adaptation of the adventures of Sandy and Lil, the famous characters who have been featured on the cover of a popular magazine.

The screen story deals with the love, courtship and marriage of Sandy and Lil, an average young couple. Sandy, played by Elliott Nugent, is a hard working lawyer who wins the fair Lil, portrayed by Sally Starr, away from a crowd of admirers, chief of whom is Wyn, enacted by Jack Mulhall.

Many complications ensue and matters almost come to a serious climax. Through a series of entertaining situations, affairs are finally straightened out.

Elliott Nugent is ideal in the role of Sandy. His characterization is intensely human. Sally Starr makes a pert and lovely Lil. Others in the cast who perform with artistry are Margaret Livingston in the role of a designing adventuress, Jack Mulhall as the scheming Wyn, Billy Bevan and Julia Swayne Gordon.

"ANYBODY'S WOMAN"

At The Grand
Everybody's favorite among the film celebrities has become "Anybody's Woman."

Ruth Chatterton has been "Madame X," "The Laughing Lady" and the Sarah of "Sarah and Son." As "Anybody's Woman," which comes to the Grand theater tonight, she is co-starred with Clive Brook in a play that is redolent of realism.

"Anybody's Woman" is the story of the vagrancies of a misfit marriage. Brook plays a wealthy and cultured young lawyer, who, disappointed by the faithlessness of the wife who has just divorced him, goes on a prolonged binge in the metropolis.

At a cheap hotel he meets Ruth Chatterton, a broken down show girl. During the progress of a wild party, practical-joker companions manage to have Brook and Ruth married.

Confronted with the reality of the situation the next day, Brook manfully decides to go through with this unbalanced alliance. Before long Ruth finds that she really loves him.

But the social elite of Brook's circle forsake him, and Ruth, deciding that her lack of culture is the cause of it all, leaves his home. Brook carries on, not caring whether he ever sees her again or not, when his former wife visits him and proposes that he and she become companions again. Revolted by this project, Brook realizes that Ruth's desertion is eating his heart out. He finds her—and they really fall in love.

Today's Pattern

An adorable model for a member of the younger set is fashioned of a gay print and smartly trimmed with banding of solid color. The cape collar ends at either side of the square neck, disclosing tiny tucks that give a surprising amount of additional grace and fullness to the frock. There are French panties, too, quite the vogue this season. Pattern 1946 will be lovely made of dimity, swiss, organdy, lawn, voile, etc. A white ground printed with colored flowers may use white trimming or a colored ground may use banding the same shade. Many delightful combinations suggest themselves.

May be obtained only in sizes 4, 6, 8 and 10. Size 4 requires 2 1/2 yards of 36-inch material.

No dressmaking experience is necessary to make this model with our pattern. Yardage for every size, and simple, exact instructions are given.

COUPON

This pattern will be delivered upon receipt of 15c, coin or stamps, carefully wrapped. Latest Fashion Book 15c. Send all orders to SALEM NEWS PATTERN DEPARTMENT, 243 WEST 17TH STREET, NEW YORK CITY.

Upset Not Serious If Bowels Get This Help

When you're out-of-sorts, head-achy, dizzy, bilious, with coated tongue, bad breath, no appetite or energy—don't worry. It's probably constipation.

Take a candy Cascaret tonight and see how quickly your trouble clears up. No more headache; no gas on stomach or bowels. Appetite improves; digestion is encouraged. Take another tomorrow night and the next night. Get every bit of the souring waste out of your system. Then see how bowel action is regular and complete.

Cascarets are made from castor oil, which doctors agree actually strengthens bowel muscles. Ten cents at all drug stores. Adv.

Here's the EVIDENCE

Hundreds of Supreme Court Justices concur in highest praise of the work of this dictionary.

The Presidents and Department Heads of all leading Universities and Colleges give their endorsement.

The Government Printing Office at Washington uses the New International as the standard authority. High Officials in all branches of the Government use it.

The Colleges voted overwhelmingly in favor of Webster as standard of pronunciation in answer to questions submitted by the Chicago Women's Club.
